• **Practise until I can play my Ukulele performance test piece through steadily, without stopping and without making a mistake.** *It does not have to be played fast, but smoothly and accurately. Look at the assessment criteria at the front of your work book. The amount of time you will practise depends on your own abilities – some people will have to practice longer than others to be sure of the music – so practise for as long as it takes for you. You will be given plenty of notice for your exam. Make sure you practice over several sessions – do not leave it to the last minute or try to do all your practise in one go*
